

VILLA IS LOCATED AT LA BOQUILLA

Message Revives Hopes
of Success of General
Pershing's Expedition

FEAR TROUBLE IN JUAREZ

Rumors Reach Climax in infor-
mation That Garrison Will
Revolt Sunday Night

DENIES USE OF RAILWAYS

EL PASO, Texas, April 7.—Francisco Villa was definitely located at LaBoquilla tonight in a code message received here from Torreon, Mexico. LaBoquilla is fifty five miles southeast of Satevo and about an equal distance north of Parral.

The message said that the bandit had been at Santa Rosalia a couple days ago and from there had turned west to LaBoquilla. Santa Rosalia is on the Mexican Central railroad, eighty miles southeast of Chihuahua City. It was formerly one of the most important mining towns in central Chihuahua. Several millions of American dollars are said to have been invested in the Santa Rosalia mines and smelter but the place has been practically deserted since Mexico's present troubles began.

Site of Famous Springs.

From Santa Rosalia, a short spur on the Central railroad runs west to LaBoquilla about 20 miles distant. The latter place is the site of the famous Galentine hot springs, a health resort which rivalled the most celebrated spas of the continent in the days of Porfirio Diaz. It was run by Americans who operated a magnificent hotel there, but like Santa Rosalia, it has been in solitude for the last two years.

The message from Torreon has again revived the drooping hopes of a successful termination to General Pershing's expedition.

Mexican troops are known to have pushed south of that town. The chance that another brilliant dash, like Dodd's ride to Guerrero may bring the troops of the United States up with the fugitive bandit is being eagerly discussed here. The news from Torreon, provided that it proves correct, gives fresh support to the belief that Villa's immediate objective is Parral.

For days reports have been current here that trouble was brewing in Juarez and at other points where Carranza troops are concentrated in proximity to the border. These reports reached a climax tonight in information from presumably responsible sources that the garrison at Juarez would revolt on Sunday night.

Need Food and Clothing.

While the majority of the stories were to the effect that the disaffection among the troops of the defunct government was directed against Americans there was no apparent basis for this belief other than the general nervousness which has been prevalent on the border since General Pershing's columns crossed the frontier. The only actual foundation for any of the stories is the fact that the Carranza soldiers are in need of both food and proper clothing. These soldiers are being paid two pesos a day worth about four cents in American money and out of this they have to feed themselves.

As to whether this unrest will culminate in an actual revolt is a mooted question, but that such an outcome is expected by the local officials here is true.

A high city official said tonight: "Matters are reaching a crisis in Juarez, it may blow over but if it does not we can look for an outbreak before Monday morning."

Denies Permission to Use Railways.

Queretaro, Mex., April 7.—The Mexican government has not given the American government permission to use Mexican railways for any purpose whatever, said General Candido Aguilar, Mexican minister of foreign relations, after a meeting of the Carranza cabinet today.

At the cabinet meeting General Carranza and his advisers discussed the modification suggested by the United States in the recent proposals for an agreement for crossing the frontier between the United States and Mexico by armed forces of the respective governments. The latest proposals of the Washington state department were received here yesterday, having been sent by Emilio Arredondo, Mexican minister-designate to the United States.

General Aguilar denied vigorously stories published in the American press to the effect that the Carranza government had given permission to the United States army forces to use

GIVES OUT ADDITIONAL EVIDENCE OF ALLEGED ANARCHISTIC PLOT

Anarchists Are Said to Be Collecting
Money to Finance Their Plot
Against European Rulers.

Chicago, April 7.—Additional information as to the alleged anarchistic plot against European rulers, given out by State's Attorney Hoyne today, was made public tonight by Edward J. Fleming, Mr. Hoyne's chief assistant. Neither official divulged the name of their informant, who, they say, has admitted that he was a member of the band of anarchists.

Headquarters of the band, Mr. Fleming said, were in New York, but meetings also were held in San Francisco, Patterson, N. J., and Lynn, Mass., to formulate plans of assassination.

"Even now the anarchists are making collections to finance their campaign of murder," said Mr. Fleming.

Mr. Hoyne said that he stumbled onto the plot in connection with the search for Jean Crone, the anarchist who put poison in the soup served at a banquet here two months ago to Archbishop Mundelein and a distinguished company. The assassins were to use poison, according to the prosecutor's information. Bombs were not to be used unless it was "absolutely necessary," Mr. Hoyne said he was told.

"I questioned the man at length because of his sensational story, but he adhered to his original statements, reiterating that he actually attended one of the meetings in Chicago and was a witness to the drawing of lots to choose an assassin," said Mr. Hoyne.

The anarchist who furnished the information is not under arrest or in custody, but the state's attorney said he could easily reach him whenever he wanted to.

The information given to the state's attorney was expected to be turned over to the federal authorities for further investigation.

FORECAST PRODUCTION OF 495,000,000 BUSHELS OF WHEAT

Department of Agriculture Bases
Estimate on Condition of Crop April
1st.

Washington, April 7.—A total production of 495,000,000 bushels of wheat (winter) was forecast today by the department of agriculture, basing its estimate on the condition of the crop April 1st, and an assumption of average abandonment of acreage and average influences on the crop to harvest. That compares with 655,045,000 bushels, the estimated production in 1915 and 684,390,000 bushels in 1914.

Condition of winter wheat on April 1st, was 78.3 percent of a normal, against 88.8 last year, 95.6 in 1914 and 87.3 the average for the last ten years. There was a decrease in condition from December 1st to April 1st, of 9.4 points compared with a decline of 3.5 points between those dates in the last ten years.

The average condition of rye on April 1st, was 87.8 percent of a normal against 89.5 on April 1st, last year, 91.3 in 1914 and 89.9 the average for the last ten years.

JACK LA ROSA IS CHARGED IN A WARRANT WITH BIGAMY

WICHITA, Kans., April 7.—Jack LaRosa, arrested here several days ago at the request of the LaSalle, Ill., police in connection with the murder during a pay car holdup three years ago in that state, was charged in a warrant with bigamy here today. Police officials declared that LaRosa announced his willingness to plead guilty to a charge of bigamy but that he denied knowledge of the other crime with which he was charged.

Pictures of the alleged murderer, which arrived today do not resemble LaRosa in the least the police declared.

EXPECT ARMY BILL WILL ENTER ITS FINAL STAGE NEXT WEEK

WASHINGTON, April 7.—Administration leaders in congress are hopeful that the army increase bill, first of three great national defense measures, will enter its final stage next week before the joint conference committee. Indications were that only remaining section likely to cause prolonged debate in the senate was the one fixing the peace strength of the regular army. The senate voted on only one amendment to the bill today, adopting without roll call the proposal of Senator Smith of Georgia that enlisted men in the regular army hereafter be given opportunity for seventy-five hours of vocational education a month during their active service in peace times.

Civilian instructors to aid the army officers in this work are authorized by the amendment, which specifies that the training shall be in agriculture or mechanic arts.

RECOMMEND CHANGE IN NAME.

Chicago, April 7.—The Republican women's association of Illinois recommended to the city council today that the name of the Municipal Tuberculosis Sanitarium be changed to "The Theodore B. Sachs Tuberculosis Sanitarium," in memory of its founder who died Sunday. The recommendation was referred to the finance committee. Resolutions of regret at the death of Dr. Sachs were passed by the council.

COMPLETE PLANS FOR REPUBLICAN CONVENTION

SENATOR HARDING IS SELECTED FOR
TEMPORARY CHAIRMAN

Party Leaders Discuss Possible Presidential
Candidates and Issues—
Sub-committee Will Not Meet
Again Until a Few Days Before
the Convention.

Chicago, April 7.—Plans for the Republican national convention which will open in Chicago June 7 were completed here today at a meeting of the sub-committee on arrangements with the unanimous selection of Senator Warren G. Harding of Ohio as temporary chairman. Other convention officers chosen were:

Temporary secretary—LaFayette B. Gleason of New York.
Chief clerk—D. Edward Monroe of St. Louis.

Official reporter—George L. Hart of Roanoke, Va.
Sergeant-at-arms—William F. Stone of Baltimore.

Chief assistant sergeant-at-arms—Edwin P. Thayer of Indianapolis.
Chief door keeper—John J. Hanson of Baltimore.

Today's meeting attracted to the city numerous state committee chairmen and other party leaders. Among these there was much informal discussion of possible presidential candidates and issues. Recent reports that Colonel Roosevelt had indicated a willingness to accept the presidential nomination of the party formed the basis for several impromptu conferences and interchanges of views between the politicians.

Several state leaders said they had been unable to discover that the Roosevelt statement had had any marked effect on the situation. They pointed out that about 40 per cent of the delegates to the convention have been chosen and said that an investigation showed comparatively few supporters of Roosevelt among them. Other party leaders agreed with this view although none of them would allow his name to be used in connection with a statement at this time.

Many of the leaders declared that what sentiment that had crystallized in their states was largely in favor of Justice Hughes, although Senator Cummins, former Senator Borah, Charles W. Fairbanks, Senator Sherman and other favorite sons had many supporters.

The sub-committee adopted a resolution declaring there would be seats only for the exact number of delegates provided for in the official call and that states electing double the number of authorized delegates with half a vote each would have to settle the question of who is entitled to seats before the convention meets.

The committee ruled it would not hear contests from states electing delegates by direct primary and that in these states the delegates certified by the secretary of state would be placed on the temporary roll without question.

Secretary Reynolds will open headquarters in Chicago to receive notice of contests about May 10. This sub-committee on arrangements will not meet again until a few days before the convention.

TO SEEK ADDITIONAL FACTS REGARDING WAITE'S LIFE HISTORY

Assistant District Attorney and a
Michigan to Begin Investigation.

New York, April 7.—Additional evidence regarding the life history of Dr. Arthur Warren Waite, who has confessed the murder of his father-in-law, John E. Peck of Grand Rapids, Mich., will be sought by the district attorney's office in Grand Rapids, Ann Arbor, Lansing and Kalamazoo, it was announced tonight. An assistant district attorney and a detective will leave tomorrow for Michigan to begin the investigation. Evidence that Waite inoculated himself with typhoid fever germs, which he had purchased for the alleged purpose of causing the deaths of his wife's parents was obtained today by District Attorney Evans.

Waite was treated for typhoid last November. It was learned today, shortly after he had purchased the bacilli. This was two months after his marriage.

No arrest was made today in connection with Waite's efforts before his arrest to bribe possible witnesses against him and it was said at the district attorney's office that none is expected before Monday.

STEAMER IS GIVEN UP.

Seattle, Wash., April 7.—The American steamer Ropasig, which sailed from Puget Sound late in December with cotton and other merchandise for the Russian government, has been given up for lost. She was under charter to the Robert E. Collier company. The Ropasig was erroneously reported February 13 at Vladivostok.

BLAME LAX FEDERAL LAWS.

Chicago, April 7.—Lax federal law governing steamboat inspection service was censured as being largely to blame for the Eastland disaster her last summer in a report filed today with the city council by the technical board vessel safety special committee appointed after the overturning of the excursion steamer to investigate the affair.

TELEGRAPHIC BRIEFS

CHICAGO.—The city council unanimously passed an ordinance closing restaurants where liquor is sold at 1 a. m., the same as saloons.

WASHINGTON.—The federal trade commission upheld the right of motion picture film distributing concerns to refuse to sell to more than one theater in a city.

MOLINE, Ill.—Harry Davis, aged about 26, was struck by a Rock Island passenger train in East Moline dying five hours later in the hospital here. He was conscious only long enough to whisper that his mother lives in Cedar Rapids, Ia.

DES MOINES, Ia.—Sixty blind persons in Polk county were benefited by the action taken by the board of supervisors which appropriated \$12,000 for pensions for the blind.

CHICAGO.—Herman Katnick of Indianapolis, a student at the University of Chicago, was found dead from gas in his room. Police said indications were that Katnick had committed suicide.

WASHINGTON.—The treasury department received a contribution to the "conscious fund" of ten pounds from a woman in Scotland.

NEW YORK.—The Rev Thomas LaMont, one of the oldest clergymen in the New York conference of the Methodist Episcopal church, is dead at his home here at the age of 84 years. His active work as a clergyman covered a period of sixty years.

MOLINE, Ill.—Charles E. Kneberg, prominent wall paper contractor and decorator, in business in Moline thirty years, was struck and killed by a Burlington train here.

WASHINGTON.—George B. Colton governor of Porto Rico from 1909 to 1913, died at the Walter Reed army hospital here. He was a native of Galesburg, Ill., and almost 50 years old.

CHICAGO.—Dr. J. B. Hingley, secretary of the board of conference claimants of the Methodist Episcopal church, wired from New York announcing gifts of \$50,000 from unknown donors in the New York east conference toward a \$10,000,000 endowment fund for retired ministers.

PEORIA WILL BE LAST CITY TO BE INVADIED BY THE DRYS

F. Scott McBride Discusses Illinois
Anti-Saloon League's Future Plans
at Conference of Dry Workers in
Peoria.

Peoria, Ill., April 7.—That Peoria will be the last city in Illinois to be invaded by anti-saloon forces in their campaign to eliminate saloons from Illinois, was stated today by F. Scott McBride, state superintendent of the Anti-Saloon league, in discussing the league's future plans at the district rally and conference of dry workers held here today.

"Peoria will be the last city in the state in which we will wage a prohibition battle," said Mr. McBride. "There is practically no chance for a victory now. Chicago would be easier to win, no doubt, than Peoria."

Satisfaction over the outcome of the work of the anti-saloon league during the past year was expressed by delegates to the conference.

A secret session at which the question of legislative candidates will be discussed was held this afternoon. The names of candidates agreed upon was withheld and will not be made public until just prior to the next election.

GRAHAM DEFEATS LEWIS FOR FIRST PLACE IN PROFESSIONAL CLASS

SPRINGFIELD, Ill., April 7.—J. R. Graham of Chicago defeated Bart Lewis of Auburn for first place in the professional class at the shoot of the Auburn Gun club at Auburn today. Both contested in the singles. Graham got 94 out of 100 targets and Lewis 91.

W. H. Cadwallader of Decatur tied W. H. Stannard of Chicago for third place, each taking 88 targets.

A. C. Connor of this city was high man in the amateur class in singles, getting 93 out of 100 targets. John Morley of Loomis was fourth with 81 targets.

SENATOR POSSEHL LIBERATED.

London, April 8.—Senator E. Posschl, of Lubbeck, owner of large iron mines in Sweden whose arrest in Germany at the beginning of the war on a charge of illegal trading with Russia caused a sensation, has just been acquitted by the high court at Leipzig and liberated, says an Exchange Telegraph dispatch from Copenhagen.

WELSH SHADES MITCHELL.

Milwaukee, Wis., April 7.—Fredie Welsh, light-weight champion, threw superior ring generalship and experience had a slight shade on points in a ten round no-decision bout with Ritchie Mitchell here tonight.

Welsh forced the milling thrust the contest, Mitchell frequently meeting Welsh with straight lefts to the face and body.

CABINET AGREES TO DEFER DECISIVE STEPS

AWAIT GERMANY'S REPLY TO GER-
ARD'S INQUIRY

President and Lansing Expect De-
sired Information from Berlin to
Arrive at Any Time—Preliminary
Report from Gerard Is Said to
Have Been Forwarded.

Washington, April 7.—President Wilson and his cabinet discussed at length today the recent attacks on merchant vessels carrying Americans and agreed to defer any decisive steps until awaiting the German government's reply to the inquiry of Ambassador Gerard as to whether German submarines sank the Sussex, Englishman, Manchester Engineer and Eagle Point.

The president and Secretary Lansing expect the desired information from Berlin to arrive at any time. A preliminary report from Mr. Gerard said in unofficial dispatches to have been forwarded from Berlin had not arrived here tonight.

President Wilson left Washington tonight on the naval yacht Mayflower, taking with him complete data on the Sussex and other cases prepared for him at the state department. He expects to be away until Sunday night or Monday morning unless definite word from Berlin is received in the meantime. Any information will be sent to him immediately by wireless.

Also some ranking officials of the government already have concluded that Germany is deliberately attacking vessels regardless of the rights of neutrals, it is declared authoritatively that the United States cannot question the German government's good faith until full opportunity has been allowed for a response to Ambassador Gerard's inquiries and for a demonstration of whether submarine commanders are supported in attacking vessels contrary to international law.

The administration virtually now considers the principal point at issue to be whether Germany will adequately punish the officer responsible. Just what punishment would be considered adequate apparently has not been determined.

Statements in Berlin press dispatches regarding the attitude of German officials are taken by the administration to forecast an admission of the Sussex attack. The statement of Dr. Zimmermann, under-secretary for foreign affairs, that in such an event Germany would be ready to meet the United States "more than half way" was read with interest, but judgment was made until just what was meant was clear. It was stated definitely that no argumentative notes would be sent to Berlin.

Affidavits on the attack on the Sussex forwarded on the steamer St. Paul are not expected to reach Washington until Monday and in well informed circles decisive action is not expected before next Tuesday's cabinet meeting.

CONTINUE ARGUMENT ON MOTIONS TO QUASH ADDITIONAL COUNTS

CHICAGO, April 7.—Arguments on motions to quash additional counts of the indictment against William Lorimer, charged with conspiracy and embezzlement in connection with the failure of the LaSalle Street Trust and Savings bank of which he was president, continued today.

Attorney Albert Fink, for Mr. Lorimer, asked that the count charging that Mr. Lorimer conspired to defraud the bank of \$1,000,000 or securities to that amount, be dismissed for insufficient evidence. He advanced similar reasons for asking for the dismissal of counts dealing with the failure of subsidiary banks of the Lorimer-Munday chain.

Judge Dever made no rulings. Arguments will be resumed tomorrow.

GIUSEPPE ARICHIELLO IS FOUND GUILTY OF MURDER OF BAFF

NEW YORK, April 7.—Giuseppe Arichiello was convicted of the murder of Barnett Baff, a poultry dealer, in November 1914, by a jury in the supreme court here tonight. The verdict was guilty of murder in the first degree.

Arichiello was remanded for sentence April 14th. The man convicted today was the first of four to go to trial on the charge of slaying Baff at the behest of business rivals who wanted him put out of the way. The gunmen charged with the killing of Baff were not captured until sixteen months after the crime.

HOLD CONTEST AT MACOMB.

Bloomington, Ill., April 7.—The contest between State Normal of Normal and the Western Normal at Macomb, was held at Macomb tonight. William Geneva of Normal won the oration; Paul Peak, State Normal, extemporaneous speaking, and Miss Foley of Western Normal, reading.

HALLOWAY SIGNS WITH ROCKFORD.

Rockford, Ill., April 7.—Eddie Halloway, who played recently with the Decatur Three Eye club and previously with the Fort Worth, Texas, team, signed today to play second base for the Rockford club.

PRACTICALLY SETTLE CHICAGO MILK WAR; FARMERS CLAIM VICTORY

Predict Normal Supply, 1,750,000
Quarts a Day, Will Be Restored
Within Twenty-Four Hours.

Chicago, April 7.—The Chicago milk war was practically settled today and within twenty-four hours it was predicted that the normal supply would be restored to the city, which uses 1,750,000 quarts a day. The result is claimed by the farmers as a complete victory.

They demanded an increase from \$1.33 1-3 per hundred pounds to \$1.55 and this apparently is the price they will get.

The smaller companies began signing the new scale soon after the strike began early in the week. Tonight all of the distributors except one had agreed to pay the higher price and the last one is expected to sign tomorrow.

Dr. John Dill Robertson, commissioner of health, with whom the farmers and the distributors have been meeting, stated that the signature of the Borden company, the largest in the city, will be received tomorrow.

"This does not mean an increase in the price of milk," Dr. Robertson said. "On the contrary, I have assurances that the price—eight cents a quart—will remain the same to the consumer, although the distributors will have to pay almost half a cent more to the farmer than before."

John J. Fitzpatrick, Chicago manager of the Borden company, which buys about one-third of the milk produced in the Chicago district, said tonight that decision as to his company's attitude rests with headquarters at New York.

Declare Strike Broken.

St. Louis, April 7.—The strike of Southern Illinois milk producers, which has threatened to shut off St. Louis from 60 per cent of its milk supply, was declared broken tonight by representatives of leading distributors who say the price of milk will not be advanced.

BRAND REPORTS OF EXECUTION IN CANADA AS FALSE

ROCKWELL CITY, Iowa, April 7.—Peter and Otto Schroeder, brand as false reports from Clavet, Sas, Canada, that their father, Charles Schroeder, and brother Louis, were executed as spies there on March 24.

A letter from their mother, dated March 23, does not refer to the matter. Another letter written on March 27 states that the family are all well. Louis Schroeder, the son, who was reported to have been executed three days after his father, lives at Edmonton, Alberta, his brother, Otto says. A letter received a few days ago from his wife has no reference to the reported executions.

A report from Winnipeg, Man., says no spies have been executed in Canada since the war began.

TRIAL OF W. B. SLAUGHTER IS TRANSFERRED TO DENVER

DENVER, Colo., April 7.—The trial of W. B. Slaughter, former president of the Mercantile National bank which closed a year ago was transferred from the federal district court here today to the federal court in Denver, on motion of former United States Senator Joseph W. Mailey of Texas, chief counsel for the defense. The trial will begin in Denver April 13. The change of venue was granted by Judge R. E. Lewis when Senator Bailey declared his client had received several threatening letters since returning here this week for trial, which he argued made it impossible for Slaughter to obtain a fair trial here.

ORDERS CARS DISINFECTED.

Springfield, Ill., April 7.—The state board of health tonight ordered a wholesale disinfecting of railroad cars and hotels following the discovery that William Schutt of this city had traveled here today from Waukegan and Rockford suffering with smallpox. Schutt was taken ill in Rockford about a week ago, according to his story. He remained there two days, then went to Waukegan where he remained two days at a hotel.

NAVAL BALLOON BREAKS MOORINGS.

Pensacola, Fla., April 7.—An 80-foot naval observation balloon recently brought here for maneuvers snapped its anchor lines today and took a hundred mile unguided cruise finally coming to earth in a swamp near Argyle, Fla. How badly it was damaged was unknown to naval officers tonight. A detachment from the naval station was sent to bring the runaway back.

FRENCH REGAIN PART OF GROUND

Continue Counter-Attacks
on Trenches Between
Bethincourt and Hill 265

REPULSE TEUTON ATTACK

Lively Artillery Engagements in
Lake Region South of Dvinsk
Continue in the East

AUSTRIANS RECAPTURE RIDGE

The region northwest of Verdun around Haucourt and between Bethincourt and Hill 265 is still the scene of sanguinary encounters between the French and Germans.

Continuing their vigorous counter-attacks on the trenches taken from them by the Germans between Bethincourt and Hill 265 the French with the use of hand grenades have recaptured additional portions of their lost ground and in addition made progress in communicating trenches.

Germans Launch Attack.

Around Haucourt the Germans launched a violent attack against the French previously having prepared the way by a heavy bombardment lasting several hours. The French, however, thru the use of their curtain of fire and rapid fire guns, put down the attack and forced the Germans to retreat leaving numerous dead on the ground as they made their way back to their trenches.

On the remainder of the front in France and Belgium, artillery engagements alone have been in progress.

On the eastern front there has been a continuation of the lively artillery engagements in the lake region south of Dvinsk, especially about Narocz where the Russians succeeded in occupying portions of German trenches. The artillery on both sides also has been busy around Riga and Friedrichstadt and in east Galicia.

Austrians Recapture Ridge.

The Austrians have recaptured from the Italians a ridge north of Monte Cristobol and in the operation took a number of prisoners and captured two machine guns. Attacks by the Italians in large forces north of the Sugana Valley were repulsed according to Vienna.

Flood conditions along the Tigris river are again hampering the British force which is endeavoring to make its way up the river to the British besieged in Kut-El-Amara.

In the Caucasus region near the Black Sea coast the Russians have captured positions along the Karadere river and inland along the progress against the Ottomans, notwithstanding the cold and heavy snow.

Germans Losses Enormous.

Paris, April 7.—The Germans losses before Verdun up to the present time have reached the huge total of 200,000 men, one of the greatest battle losses in the whole history of warfare according to estimates made public here today from a semi-official source. "The result of careful inquiry made in the highest quarters in which the figures have been rigorously checked and verified."

"Documentary and verbal testimony gathered and authenticated, permit the giving of precise details concerning the losses suffered by the Germans and by us on the Verdun front," says the semi-official communication given to The Associated Press.

"During the period from Feb. 1st when the battle began, to April 1st, it is known that two army corps, namely, the Third and Eighteenth have been withdrawn from the front, having lost in the first attack at least one third of their force. They have reappeared since and have again suffered heavy losses."

Replies to Von Behm-Hellweg.

London, April 7.—Lord Robert Cecil, minister of war trade made a sharp reply tonight to the speech in the Reichstag of Dr. Von Behm-Hellweg, the German imperial chancellor. Conversing with American correspondent on behalf of the foreign office, Lord Robert said the suggestion that Germany might abandon her submarine warfare if Great Britain relaxed her food blockade was hardly likely to be entertained by Great Britain, which had no faith that any promise made by Germany regarding submarine warfare would be kept.

"Germany slackened her submarine warfare for some time when operations of the British navy deprived her of the necessary number of submarines," said Lord Robert, "but has it begun again. I am convinced that Germany cannot be trusted to keep any promise."

The Way of the Law.

The action of a local justice of the peace in passing on the constitutionality of a city ordinance is somewhat out of the ordinary. Since the city has already gone to the expense of several hundred dollars to appeal to the supreme court a case involving the anti-shipping ordinance, the action of the justice was unexpected. No matter what the supreme court finding may be, the defendant arraigned in the case referred to had a large quantity of liquor shipped to him and the circumstantial evidence that he intended to sell this liquor was very strong. It is a very difficult thing to obtain strict enforcement of the anti-liquor laws when frequent offenders can escape punishment by technical rulings.

Will Be Record Year for

Buying of Equipment.

Over six times as many locomotives and over four times as many freight cars have been ordered by the railways of the United States in the first three months of 1916 as were ordered in January, February and March of last year, according to a compilation just published. The buying of locomotives has been especially active, even the during the last two years or more the railways have been increasing the capacity of their old engines by the application of superheaters, brick arches, new valve gear and other devices. January, February and March are usually not considered big months, and yet orders have been placed during the first quarter of the year at a rate of the entire twelve months of 1915, not counting foreign orders. The largest number of locomotives ever reported as purchased during one year was 4,514 in 1912. In short, 1916 bids fair to break a record.

There's Lots of Local Money.

Just about the best evidence of prosperous local business conditions is shown in the amount of money now available for investment. Classified advertising in the local papers shows a great many private citizens with money to lend on real estate and local realty men all have money at their disposal which can be placed at reasonable rates if the security is ample. A local banker said recently that the main trouble the banks have now is finding a

Rippling Rhymes
By WALT MASON

MOTORING

When the first fellow gets a car, he navigates it slowly; "base friends," he says, "those speeders are—their course is most unholy."

There'll be no reckless speed for him; such stuff annoys him greatly; he will not scorch or scoot or skid, but jig along sedately. "Oh! safety is the proper stuff," he says, when feeling chatty; "twelve miles an hour is fast enough for any man not batty. The accidents of which we read are caused by silly duffers who have to hit abnormal speed, and many a victim suffers, but when he's had his bar nine weeks, he sends it forth a-humming, and every country village shrieks when it beholds him coming. 'To crawl along,' he says, 'is worse than walking is, do-gast me! I don't propose that every hearse shall go a-whizzing past me!' And so he scorches, in his glee, and then, some balmy morning, he winds his car around a tree, and furnishes a warning."

place where they can place their money profitably. Bank loans are for short periods and so many of the farmer customers who commonly apply for loans this year have money on deposit instead of being in the borrowing class, that conditions are just the reverse of those which prevailed a year ago. At that time it was very difficult to borrow money and six per cent was about the minimum rate, while at the present time there is plenty of five per cent money if the security is satisfactory.

Colonel Roosevelt as Candidate.

The announcement from Colonel Roosevelt that he will accept the Republican nomination if the party wants a candidate who will not "fussy foot" but be an out and out advocate of the principles that Roosevelt has from time to time enunciated during recent months hasn't caused any great surprise in party circles. While the former president has steadfastly adhered to his plan of not allowing his name to appear on the preferential primary ballots, this action was not generally taken as signifying that he had no intention of being a candidate if the proper time should appear.

Whether or not the colonel succeeds in securing the nomination, he is certainly a large influence to be reckoned with and will have a great deal to say about the man who is nominated. Party leaders who are steadfastly opposed to him are not so blind as to belittle his influence and as they are interested in party success and harmony they are not going to be in a hurry about choosing a candidate who is known to be opposed to certain principles which Roosevelt and his closest friends maintain are important for the welfare of the party and the country.

Stockmen Not All Complaining.

At the hearing before the Borland committee in congress in which western stockmen have sought to start an inquiry in to the packing business it has developed that some farmers and stockmen are opposed to such investigation. They maintained that an inquiry of this kind is not justified by conditions and will really serve to unsettle the livestock business much to the disadvantage of all parties concerned. Phil Haner of Taylorville was one of those who appeared before the committee to urge that no such investigation be started at this time.

As an evidence that conditions do not warrant the charge that the packers control the market to the detriment of the farmers, Mr. Haner testified that whenever stock shipment is made to Chicago or any other large market that it is sold on competitive bids. But his best argument against the proposed inquiry was the present prosperous conditions among farmers, who have so much money of their own now that the banks are looking for outside places to put their money. A Taylorville banker, according to this witness, has been lending money to cattlemen in Texas because of the scarcity of the demand at home.

THE BIRTH OF A NATION

Joseph Henabery, the actor who portrays the part of President Lincoln in D. W. Griffith's historical spectacle, "The Birth of a Nation" which will begin an engagement at the Grand Monday was selected from twenty players who were coached and prepared for the part before the choice was made. Mr. Lincoln's appearance and mannerisms were carefully counterfeited, even to the small but interesting detail of the President reaching back for his shirt just a few minutes before Wilkes Booth attacked him. It was a spring day in Washington—April 14, 1865—but a late frost had set in that night and it was raw and cold. Mr. Lincoln felt the chill and drew the shawl around him. Among the early scenes in "The Birth of a Nation" is shown the War President, Lincoln, signing the call for 75,000 volunteers. Around him are his cabinet heads and private secretaries. Lincoln fully realized the momentous character of the act that summoned Federal troops to subdue the individual sovereignty of rebellious States. After the deed was done and the attending company departed, he slowly buried his face in his hands as if in prayer.

GEORGE SCHONEWISSE DIES
AT HOME NEAR PETERSBURG

Mrs. Schonewisse is Former Resident of Meredosia—Mrs. F. B. Dudhope Improved in Health—Election at Town Hall Saturday.

Merodosia, Ill., April 7.—News reached here Friday of the death of George Schonewisse at Petersburg, which occurred that morning. He had been in failing health for some time and his death was not unexpected. Mrs. Schonewisse was formerly Ella Hinners and was reared in this vicinity. She is a sister of Mrs. George Unland, Mrs. Carrie Christianer of this city and Henry and Philip Hinners living near here. The funeral will take place Sunday at Petersburg. The deceased was a half-brother of Henry Deppe living near here.

Improved in Health.

Word has been received by Mr. T. B. Dudhope from his wife in St. Louis that a physician in that city has given her encouragement in the recovery of her health. Mrs. Dudhope has been in declining health for some time and is in the above city for treatment. She has a host of friends who will rejoice with her in the encouragement she is receiving.

Drug Fiend Caught.

Thursday evening about five o'clock as Dr. H. H. Hamman was entering the office of Dr. F. A. Nevill he met a stranger coming out with some bottles of drugs in his pockets. On the investigation of Dr. F. A. Nevill, it was found that two bottles each of heroin and morphine were missing. It is supposed the stranger was watching until no one was in the office and took this opportunity of securing the drugs. Nothing more was seen of the stranger.

THE WEATHER.

The snow and rain which fell Friday will probably not hurt the roads and in fact if dragging is done promptly the highways will be in better condition than has been true during the week. There are very few mudholes along the country roads but most of them are so rough and hard that dragging will do little good. The moisture will have the effect of softening the earth and dragging will thus be more effective.

DIES OF HEART FAILURE

Former Resident of Chapin Vicinity

Has Many Relatives and Friends in Morgan County—Funeral will be Held Sunday.

John H. Fox, a former resident of this county, died at his home in Gibson City Thursday evening at 7 o'clock. His death was caused by heart failure.

Mr. Fox was born near Chapin Sept. 16, 1846. He was married to Eva Bell Culver (who survives) at Henry, Ill., October 18th, 1871. To this union was born four children as follows: Allen Melville, deceased; Eva Mabel, Maurice Edgar and Ethel Belle. Mr. Fox was one of eleven children, namely: George R. Fox of Freeburg, Ill.; Rev. R. E. Fox of Gibson City, Ill.; Martha Whorton Fox, deceased; Adda Culver, who lives in Gibson City, Ill.; and Mrs. Mary Stevenson, deceased; Stella Green, deceased; Amanda, now Mrs. Herbert Green of Gibson City; Thomas E., deceased; James Z. and Jabez M., of Chapin. Also there are seven grandchildren living.

Mr. Fox was city clerk of Gibson City at the time of his death. Mr. Fox was well known to the middle aged people of the vicinity of Chapin and was a farmer while living in this county. He leaves many friends and acquaintances.

Mr. Fox enlisted as drummer boy in Co. E of the 101st volunteer infantry. He was discharged on account of illness in March, 1863.

The funeral will be held Sunday at Gibson City, and will be attended by some of the relatives of the deceased, residing in and near Chapin.

TOM HAYDEN WITH NEW MEXICO MILITIA

Tom Hayden stationed with the New Mexico militia at Roswell N. M., writes his parents, Dr. and Mrs. F. S. Hayden that he has given up hope of seeing active service in Mexico. For a time the border states were in a state of great excitement over the raid of Villa on Columbus. The national guard was recruited to full strength and it was thought that the guardmen might see active service. However, things have quieted down and it is now believed that the regular army troops will be able to handle the situation.

Hayden expects to enter Yale next fall. He enlisted in the state militia about the first of the year. His commanding officer has assured him that he will be able to get an honorable discharge at the end of his six months service in order to carry out his school plans.

A DOUBLE ANNIVERSARY.

Friday, April 7, was an important anniversary in the life of Capt. Alexander Smith. It was on April 7, 1875, that he was married to Mrs. Smith, whose death occurred two years ago. On the same date in 1862 he had part in the repulse of the last attack of the Confederate troops in the battle of Shiloh. "This is only one of the notable conflicts of the war in which Capt. Smith saw service. During the war as a mere boy it was not many months until he was advanced for bravery and later on he became the youngest captain serving from this state. His whole career in the army was characterized by bravery and unusual grasp of military affairs, and today he ranks as one of the most honored veterans of the war."

railways for the transport of foodstuffs and supplies. These rectify these false statements," said General Aguilar to The Associated Press, "the Mexican government has not given the American government permission to use the Mexican railways for any purpose whatever."

Agreed to "Commercial" Use.

Washington, April 7.—General Carranza agreed about two weeks ago to "commercial" use of the Mexican Northwestern railway for shipment of supplies destined to United States troops in Mexico and such shipments already are being sent over the road by private parties. Special Agent Rodgers at Queretaro now has been instructed to urge the de facto government to issue immediately necessary orders to define specially to what extent local authorities on the border may permit the railroad to be employed for such purposes. It is assumed here that the statement of General Aguilar was made to reassure the Mexican people that the Carranza government had not allowed the American expedition to take control of the road.

Forsing Confirms Information.

San Antonio, Tex., April 7.—General Pershing, in a delayed report to General Funston, received here today, confirmed previous information that American troops were moving southward from Cuahuahachic on the trail thru Satevo and that all information available at his headquarters indicated that Villa was traveling in the direction of Parral. He explained his failure to report more frequently by statements that the aeroplanes on which he had depended for communication had been unable to operate successfully and that weather conditions had interfered with transmission of messages by field wireless. He added that he had not been in communication with his headquarters at Colonia Dublan for nine days.

General Pershing informed General Funston of the exact positions of the advanced columns and what those units are, but this information was withheld. He said the four privates who had been wounded at Guerrero were in no danger and two had almost recovered. He did not report their names.

Consul Letcher's report that Villa appeared to be moving south beyond Satevo, General Gutierrez' assertions that his forces had defeated a band of fifty Villa men at Cieneguillas, ten miles south of Satevo and that Villa himself had left there on the morning of the same day increased the hope of those at headquarters here that perhaps the American forces might yet overtake the fugitive bandit within a short time. This revived optimism was strengthened by reports, apparently reliable, that the troops of the de facto government had been stationed at strategic points south of Villa's last reported position. General Funston said today that since the campaign against Villa had begun he had received letters from three undertakers asking for Villa's body. One of them offered to divide equally whatever money he might make out of the gift.

CUB STOCKHOLDERS

ELECT DIRECTORS.—Chicago, April 7.—Stockholders of the Chicago National League club met today and elected the following directors:

Charles Weegman, chairman; W. M. Walker, William Wrigley, A. D. Lasker, Adolph Schuetler, A. D. Plamondon, Adolph Speilman, R. A. Cavanaugh and Charles McCullough.

ARTHUR M. SPIEGEL DIES.

New York, April 7.—Arthur M. Spiegel, president of the Equitable Motion Picture corporation, general manager of the World's Film corporation, and owner of large mail order houses in Chicago, died here today after a three days' illness from pneumonia. He was 31 years old. The body will be sent to Chicago for burial.

FUNERAL NOTICE.

The funeral of Mrs. W. H. Parris will be held Sunday afternoon at 2:30 o'clock from the Bethel A. M. E. church. Friends wishing to view the remains will call at the residence before 1 o'clock as the casket will not be opened at the church. Interment will be made in Jacksonville cemetery.

LICENSED TO MARRY.

Reuben Jones, Franklin; Mrs. Ethel Richardson, Franklin.

GIRL IS ENGULFED SHOE TO TOPS IN MOLASSES; STICKS TO SIDEWALK

NEW YORK, April 7.—Miss Margaret O'Leary was walking past a Third Avenue bakery tonight just as a truckman was unloading a hog-head of molasses. The barrel burst and the young woman was engulfed almost to her shoe tops. When she tried to pass on her feet stuck to the sidewalk. A youth who went to her assistance lifted her bodily out of the molasses but he stumbled and both fell into the sticky stream.

At this juncture the police were called upon for aid.

FORD DECLARES RESULT OF PRIMARY IS VICTORY FOR PEACE

DETROIT, Mich., April 7.—Henry Ford today declared the result of last Monday's presidential preference primary, in which he defeated United States Senator William Alden Smith, by more than five thousand votes was a victory for peace, rather than for himself. He interpreted it as meaning that a majority of Michigan voters endorsed his views on preparedness. He also reiterated his assertion that he is not in politics.

"I am glad," said Mr. Ford, "because I interpret the honor as an expression of a majority of the voters that they believe, as I do, against military preparedness and the exploitation of the working man by the moneyed munitions interests."

SELECT COMMITTEE BEGINS INQUIRY

Washington, April 7.—Inquiry into the question whether United States Attorney Marshall of New York should be haled before the house for contempt because of the letter he wrote criticizing the methods of the judiciary sub-committee investigating Representative Buchanan's impeachment charges against him, began today before a select committee of the house. Members of the sub-committee were heard and later Chairman Moon wrote to Mr. Marshall, inviting him to appear Monday to state his side of the case.

HOLDS REMARKABLE RECORD.

Springfield, Ill., April 7.—S. F. Horney, tax collector of Littleton township, Schuyler county, Ill., holds the remarkable record of having collected every cent of the tax levy of his township, according to his report just received at the state auditor's office. The tax delinquency in Illinois usually ranges from 3 to 10 per cent of the assessed levy. Mr. Horney's feat is the first on record in Illinois.

WHITE EAGLE REACHES SALEM, ORE.

Salem, Ore., April 7.—White Eagle, a Comanche Indian, claiming to have the backing of Mayor Thompson of Chicago, in a 12,500 mile walking race with two white men, has arrived here. The race began at Chicago, is to extend to San Francisco and back to Springfield, Illinois. White Eagle said today the last he had heard of his competitors they were somewhere in Montana.

KILL MOONSHINERS.

Lexington, Ky., April 7.—Word reached here today that following a battle between revenue officers and moonshiners at Crank's Creek in Harlan county, Washington Garrett, considered by the officers to be the most notorious moonshiner in the state, was killed.

The report stated that while more than 100 shots were fired none of the government men were hit.

DATES ARE ANNOUNCED.

Hutchinson, Kans., April 7.—Dates for tractor plowing demonstrations which will be held in eight states this season under the auspices of the National Thresher and Tractor Manufacturers' association as officially announced today by the committee in charge, include: Bloomington, Ill., Aug. 21st to 25th.

CHARGE MAN WITH SWINDLING BANKS.

Burlington, Iowa, April 7.—C. E. Milling was arrested here tonight on the charge of having swindled two Oakville, Iowa, banks out of \$1,300. The money was recovered.

ILLINOIS MINERS NAME PEORIA AS NEXT CONVENTION CITY

PEORIA, Ill., April 7.—After selecting Peoria as the convention city for 1918, compensating Pietro Nigra for time lost during the settlement of a dispute with the Pawnee, Ill., mine and referring the matter of circularizing the membership to the executive committee, the Illinois division of the United Mine Workers of America settled down late today to hear the report of the scale committee with the prospect that the tentative agreement to be presented to joint committee of operators and miners would be whipped into shape by tomorrow night. Indications are, however, that the convention will remain in session until Monday or Tuesday. The scale committee considered more than four hundred resolutions and incorporated practically all of the substance of each resolution in the tentative agreement. Officials predicted tonight that the report will be passed by the convention with few, if any changes.

INDEPENDENCE OF CANTON IS FORMALLY DECLARED

SHANGHAI, China, April 8.—The independence of Canton was formally declared yesterday afternoon after a conference of military and naval officers and leading citizens with Lung Chi-Kuang, the governor of Kwang-Tung province. No fighting took place.

The secession is regarded important here as observers of the situation look upon it as pointing to the probable downfall of Yuan Shi Kai, as it is expected to lead to the defection of other southern provinces and strengthen the hands of the southern leaders in their reiterated demand for Yuan's retirement and the reinstitution of the Nanking constitution.

RECEIVE A NUMBER OF LONG MESSAGES FROM GEN. PERSHING

COLUMBUS, N. M., April 7.—A number of long messages were received from General Pershing today for transmission to General Funston at San Antonio, but none were made public here. It was learned, however, that General Pershing reported that the wounds suffered by four troopers in the Guerrero engagement were so trivial they were not considered worth reporting and that all of the men are in the saddle again. Orders for the detachment of Apache Indian scouts from the White Mountain reservation of Arizona to proceed to the frontier at once were countermanded by General Pershing today and the Indians are being held here for further orders.

No explanation could be obtained at military headquarters.

BANDITS KILL ONE ST. LOUIS POLICEMAN; KIDNAP ANOTHER

ST. LOUIS, April 7.—One policeman was shot to death in St. Louis today and another kidnapped or slain by four automobile bandits.

Bloodhounds are being used in the search for the slayers.

Motorcycle Patrolman John McKenna was killed after he had arrested the bandits. Patrolman William A. Dillon followed an automobile in which the bandits were riding into an alley. He has not been seen since.

CLERKS FORM UNION.

Washington, April 7.—Approximately five thousand government clerks here have formed a union and taken affiliation with the American Federation of Labor as a sequel to the recent unsuccessful effort in congress to require them to work eight hours a day.

The Federal Employees' union is the name of the organization and it pledges itself not to engage in or support any strike against the government. Its aims are to be sought thru legislation.

VEGA REACHES COPENHAGEN.

London, April 7.—The Swedish steamship Vega which was captured by a German torpedo boat has arrived at Copenhagen, according to an Exchange Telegraph dispatch from that city. The captain reported that the Germans seized the cargo of steel before releasing the steamer which had been taken to Stettin.

NOLAN IS RELEASED.

Chicago, April 7.—John Nolan, who with two others was convicted in 1909 of attempting to destroy the locks of the Welland Canal, has been released from a Canadian prison, it was stated here today.

The announcement was made by a Chicago newspaperman on authority of a communication from John Erdman, the Irish leader.

ORDERS SHERIFFS TO PROTEST RAILMEN.

Madison, Wis., April 7.—Governor Philipp tonight telegraphed the sheriffs of Kenosha and Walworth counties to protect dairymen who desired to ship milk to Chicago during the milk strike there.

SEND STEAMER'S MAIL TO LONDON FOR EXAMINATION

London, April 7.—The determination of the British authorities to go thru the mails with a finetooth comb is indicated by the departure from Kirkwall of the Danish liner Frederik VII. for New York without her mails, which have been sent to London for examination.

STECHER DEFEATS HOKUS.

Chicago, April 7.—Joe Stecher, Dodge, Neb., wrestler, defeated Bill Hokus, Omaha, in straight falls here tonight, getting the first in eight minutes, twenty-one seconds and the second in three minutes, twenty seconds.

TELL OF ALLEGED ATTRACTIONS OF CARDUI AS AN INTOXICANT

CHICAGO, April 7.—The alleged attractions of Wine of Cardui as an intoxicant rather than a medicine was the burden of testimony for the defense today in the \$500,000 libel suit of John and Z. C. Patten, proprietors of the medicine against the American Medical association, which has labeled Wine of Cardui as nostrum.

The principal witness was Dr. Charles F. Castner of Dallas, Texas. Dr. Castner told of a rancher who came to his drink cure institute at Dallas. The rancher, according to the witness, would accept no substitute for Wine of Cardui except cheap whiskey.

BRITISH SHIP SINKS.

London, April 7.—The British steamship Simla has been sunk and eleven members of the Asiatic crew were drowned. The rest were saved. The Daily Mail published a report this morning that the vessel had been sunk in the Mediterranean. It was suggested that this steamer may have been the transport sunk in an early dispatch to the Daily Mail.

MISSISSIPPI STILL RISING.

Lacrosse, Wis., April 7.—The Mississippi river was still rising tonight. Twenty families in North Lacrosse were forced to leave their homes during the day.

"Is Mr. Curfew at home?" inquired the stranger within the gates.

"No, Mr. Curfew isn't at home," replied Mrs. Curfew. "He never is at home when I'm needing firewood and water. He's down at the drug-store talking international politics with the horse doctor and the assessor and a lot more people who would be better off if they used their lungs less, and their hands more."

"I suppose you are the man who is going around doing business for the new history of the United States," Mrs. Turpentine told me there was a wolf in sheep's clothing on such an errand, going up and down the earth seeking whom he might devour, and I notice you have a large volume under your left arm.

"Mr. Curfew isn't going to have anything to do with any historical works, even if they are endorsed by all the vice-presidents in the United States. A burnt child dreads the fire, as the old saying is."

"Two years ago an oily-tongued stranger came along collecting materials for a majestic illustrated history of this country, and he insisted that the work wouldn't be complete without a picture and biographical sketch of Mr. Curfew. It would cost only \$50 and the prestige it would give him would be worth ten times that money. I am ashamed to say that I consented to this scheme, altho I had fallen into the snare of the fowler so often I

should have known better.

"We had to sell our cow to raise the money to pay for the illustration, and of course it had to be paid in advance. All the eminent historians insist on having the money before they turn a hand."

"Well, the book came out in due season, and the country was full of indignant citizens who were telling what they would do if they ever saw that oily-tongued stranger again. The hottest of them all was Mr. Curfew. The others were sore because so many mistakes were made in their biographical obituaries, but my husband was the real sacrifice. The printer got the pictures mixed, and there was a portrait of the county treasurer with Mr. Curfew's name attached, and of course the treasurer's name was under Mr. Curfew's picture."

"Just before the book was published, the treasurer filled his carpet bag with all the county's money, and left for parts unknown, and a reward of \$1,000 was offered for his capture. This brought all the hayseed detectives in the state here, and every time Mr. Curfew appeared on the street, some besotted sleuth with false whiskers would bat him over the head, and put handcuffs on him, and drag him off to jail."

"Mr. Curfew was arrested nine times in this way, and then he asked a lawyer what he could do, and the lawyer charged him \$15 and said he couldn't do anything."

REV. A. L. T. EWERT WILL GO TO COLORADO.

Rev. A. L. T. Ewert of Kimber church, Danville, is interested in an exchange of pastorates with the Rev. P. H. Chapplear of La Junta, Colo., and all arrangements have been made pending the bishop's transfer of the two pastors, says the Danville Commercial News. Dr. Ewert has wished to go to Colorado for several years; and immediately opened communication with Mr. Chapplear when he learned that the latter, formerly an Ohio man, wished to return to the middle west.

At a meeting of the Kimber church Dr. Ewert presented the proposition and the board regrettably consented to his request. Dr. Ewert expects to remove to the new western charge during the latter part of the present month.

All Danville with whom Dr. Ewert has come in contact will be more than sorry to learn of his coming departure. This is his second year at Kimber church and Danville is only now beginning to realize the

full worth of the quiet, unassuming man whose work has been so quietly done as to attract but little attention from the public. The membership roster of Kimber church, however, tells the detailed story of the accomplishments of the past eighteen months, as do the homely words of hosts of humble folks whose lives have been benefited by his kindly ministrations.

SELL FLAGS AT J. H. S.

The sale of the Belgian relief flags Friday at the high school proved quite successful, netting a total of \$12.98. The sale was in charge of Miss Mabel Cowdin, Miss Anna M. English, Miss Ethel Wylder and Miss Abbie Hayden, managers of the four literary societies of the high school and the central buildings. Thursday forenoon Miss Janette Powell spoke at the high school chapel hour for the D. A. R., explaining the purpose of the sale and the great need of united effort for Belgian relief.

ELECTION TICKETS READY FOR TUESDAY

INDICATIONS ARE THAT LIGHT
VOTE WILL BE POLED.

Four Morgan County Names on Republican Ticket and One Among Democrats—Blank on Socialist Ticket.

Indications are now that a light vote will be polled at the primary election next Tuesday, April 11. Further it is expected that the larger percentage of the vote will be cast in the cities and towns rather than in the country precincts. The reason for this expectation is that it is a very busy time in the country districts and many farmers will not want to sacrifice the time necessary to go to the polls. It has not been possible to arouse a vast amount of interest in the primary because in most instances there are no contests for place. Nominations will be made for president, eight delegates at large to the national nominating convention, eight alternate delegates, two delegates to the national nominating convention from the Twentieth Congressional district and two alternate delegates; one state central committeeman from the Twentieth Congressional district, and the precinct committeemen.

The ballots have been prepared by County Clerk Boruff and there are three of them, Republican, Democratic and Progressive, with the names of the candidates shown. In accordance with the law another ballot has been prepared for the Socialist party with blank spaces wherein names of candidates may be written.

On the Republican ticket Senator L. Y. Sherman's name is the only one that appears for the presidency and on the Democratic ticket Woodrow Wilson is the only name appearing as presidential candidate. Jacksonville is represented by four names on the Republican ticket, as Charles E. Greff is a candidate for alternate delegate at large to the Republican national convention, Frank J. Heintz and Andrew Russell are candidates for delegate to the national convention and Arthur L. French a candidate for member of the state central committee.

On the Democratic ticket the only local name appearing is that of Millard F. Dunlap, candidate for delegate to the national convention and the county is not represented on the Progressive ticket.

REPUBLICAN PRIMARY BALLOT.
For president of the United States—Lawrence Y. Sherman.

Delegates at large to national convention (Vote for eight)—Roy O. West, William J. Calhoun, Isaac N. Evans, John Maynard Harlan, Garrett DeF. Kinney, Medill McCormick, William B. McKinley, William A. Rodenberg, William Hale Thompson.

Alternate delegates at large to national convention (Vote for eight)—Henry H. Kohn, Ralph C. Otis, Henry R. Rathbone, John F. Smulski, Palmer E. Anderson, Franklin A. Denison, Cornelius J. Doyle, Charles B. Graf.

Delegate to national convention, Twentieth congressional district (Vote for two)—Homer J. Tice, Frank J. Heintz, Samuel O. Savage, Andrew Russell.

Alternate delegates to national convention, Twentieth district (Vote for two)—S. Elmer Simpson, Ivory G. Bair.

State central committeeman, Twentieth district (Vote for one)—Ray N. Anderson, Arthur L. French.

DEMOCRATIC PRIMARY BALLOT
For president of the United States—Woodrow Wilson.

Delegates at large to national convention (Vote for eight)—Carter H. Harrison, Fred J. Kern, Jackson R. Pearce, Henry M. Pindell, Henry T. Rainey, Roger C. Sullivan, Robert M. Sweitzer, Michael Zimmer, Robert Emmet Burke, Jacob R. Creighton, Edward F. Dunne, John W. Eckhart, Reed Green.

Alternate delegates at large to national convention (Vote for eight)—John J. Pitts, Williams W. Reeves, Alexander F. Reichmann, Michael Rosenberg, John C. Seyster, E. C. Wagoner, James P. Wilson, Thor J. Benson, Leonard R. Condon, Frank J. Jirka, Aubrey L. Lowe, John E. McCaughey, George H. Moloney, Edward H. Morgan, W. Duff Piercy, Nicholas L. Piotrowski.

Delegates to national convention, Twentieth district (Vote for two)—Millard F. Dunlap, William E. Williams.

Alternate delegates to national convention, Twentieth district (Vote for two)—George M. Seago, John Schultz.

State central committeeman, Twentieth district (Vote for one)—James McNabb.

PROGRESSIVE PRIMARY BALLOT
(For Social Justice.)

Delegates at large to national convention (Vote for four)—James R. Campbell, Frank H. Funk, Harold L. Ickes, Raymond Robins.

Alternate delegates at large to national convention (Vote for four)—J. Frank Deuel, James L. Houghtaling, Jr., William E. Shallenberger, James Steplina.

Alternate delegates to national convention, Twentieth district (Vote for one)—Ben. C. Rickard.

State central committeeman, Twentieth district (Vote for one)—George B. Wiemer.

MUSIC PUPILS MEET.

The first meeting of the pupils of Miss Myrtle Sheppard was held at her home on West College avenue Friday afternoon. A program was given on studies of the orchestra. The officers of the class are: President—Martha Priest. Vice president—Lella Harney. Secretary-treasurer—Emma Wolfe.

GENERAL REVIVAL NEXT WEEK IN METHODIST CHURCHES OF CITY

Rev. E. K. Towle Will Have Charge of Lenten Services at Grace M. E. Church—Preaching at Brooklyn and Centenary.

Lenten revival services will begin Sunday at Grace M. E. church and will be conducted by the Rev. Elmer K. Towle, a member of the Illinois conference appointed at the last session by Bishop McDowell to evangelistic work. Services will begin also at Brooklyn M. E. church in charge of the pastor, the Rev. W. W. Theobald, assisted by Rev. N. R. Johnson of Waverly. Centenary services will continue also thruout next week and there will thus be a general revival in Methodist churches in Jacksonville.

The holding of revival services in all the Methodist churches of the city during Lent is not a matter of rivalry but a part of the denominational forward movement, which

Rev. E. K. Towle.

plans for such services preparatory to the Easter festival. It is also in keeping with the action of the Ministerial association recommending the observance of Passion week by all the churches of the city.

Mr. Towle is an Illinois man. His parents are residents of Decatur in whose schools he was trained for college. After two years at the Illinois Wesleyan university he completed his collegiate work at the University of Michigan. He joined the Illinois conference in 1895 at Champaign. His first important charge was Rantoul, where following a Sunday revival, Mr. Towle built a new church and parsonage at a cost of nearly \$40,000. Another result of this meeting was a new evangelistic note in Mr. Towle's ministry. He spent one year as district evangelist on the Mattoon district and was genuinely successful. After pastorates of three years each at Taylorville and Clinton, Mr. Towle was again appointed at his own request to the work of evangelism.

He is a man of striking physique, and great energy. He is a good singer and strong revival preacher. Is thoroly conversant with the latest literature on evangelistic matters and is sane and able in spirit and method. He preaches the gospel earnestly and pleads eloquently with his hearers to live a clean Christian life.

To enjoy the educational advantages of the city his family moved here last fall and reside at 403 West College avenue. During the revival Mr. Towle will welcome a call from any who desire to talk with him about their spiritual welfare.

He will preach at Grace church today and each night this week except Saturday. His morning theme is "Spirituality, the Urgent Need of the Church." Evening theme, "Christian Manhood and Fellowship With the Lost and Weak." A chorus choir will lead the service of songs. A hearty invitation is extended the public to attend these services.

"Dress-up week is making a hit

IF ANYONE ever had the idea that men aren't interested in new fashions (for themselves) we'd like that man to spend an hour in this store.

He would be astonished at the way men of all ages have been calling on us for the new spring suits and overcoats from Hart Schaffner & Marx.

The beautiful fabrics and very smart models shown in their suits and overcoats are giving our customers just what they want.

We're glad to see so much interest in the "dress-up" idea, and we're proud of having just the right things to satisfy everyone.

ACTIVITY REIGNS SUPREME IN ALL LINES OF INDUSTRY

Further Surge Forward is Expected When Ice-Closed Harbors Open to Navigation and Country Roads Improve.

New York, April 7.—Bradstreet's tomorrow will say: "Activity reigns supreme in whatever direction one may look, whether to trade industry, mining, rail-roading or shipping by water—and a further surge forward is expected when ice-closed harbors open to navigation and country roads improve. The pace is rapid, at a record rate, in fact, being neither deterred by high prices nor misgivings over international matters which latter at the moment seem rather beclouded. The only existing drawbacks to final distribution, cold weather and bad roads, are deemed to be but temporary factors. Whatever lulls may be experienced are due rather to inability to get goods or to the fact that the producing units of the country are sold up, with perhaps some slight easing in this or that line as the result of seasonal changes."

HUDGIN FURNITURE CO. TO HAVE LARGER QUARTERS
Will Remove Soon to Worthington Building in Order to Have Needed Floor Space.
While the C. E. Hudgin Furniture company has been in business much less than a year larger quarters are already necessary and Mr. Hudgin has leased the rooms at 223-231 South Main street in the Worthington building recently occupied by the Thompson Produce company. The floor space there is five or six times that in the present location of the company and it will enable them to do business in a much more satisfactory way and will make it possible to carry still larger stocks than in the past. Some changes are to be made in the new quarters and before removal is made Mr. Hudgin will have a removal sale which will afford a remarkable opportunity for securing the most reliable grades of house furnishings at greatly reduced prices. Mr. Hudgin in establishing a store here determined to hold down the cost of operating and thus be enabled to offer the people of Jacksonville correspondingly low prices for furniture and all house furnishings and he will still pursue that policy in the new location.

DAIRYMEN TO HAVE FIELD WORKERS
L. T. Potter, manager of the Jacksonville creamery, attended a meeting of the Illinois Butter Manufacturers' Improvement association at the University of Illinois Thursday and returned to Jacksonville yesterday. The association is working in connection with the department of dairy husbandry at the university and has secured N. W. Hepburn and H. A. Rubs as field men to inspect the work of dairymen and creamery operators throughout the state. It is the purpose of this work to aid in the development of creamery business and also to improve the quality of all dairy products.

Father Edward and Paul Calhoun left last night for Chicago after being called here by the death of their father, the late Thomas P. Calhoun.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous calomel does without any of the bad after-effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. One and 25¢ per box. All druggists.

CHAPTER 39.

The Use of White Bread Enormously Increases the Consumption of Meat Which, When Pushed Beyond the Limit of Normal Toleration, is Followed by Physical Derangements as Grave as Those Which Result from Mineral Starvation.

Not content with the results of their experiments, which demonstrated the inadequacy of pearly barley as a life sustaining food, Weil and Mouriquand subjected pigeons to a mixed diet of pearly barley, polished rice, and bolted wheat flour from which the germ, the brand and underlying layers, containing the salts of calcium, phosphorus, potassium, iron, silicon, sodium, sulphur, manganese, magnesium, fluorine and iodine had been removed.

These are the same refined grains now purchasable in every grocery store in the United States where the American people are now striving to develop a normal race of men, not realizing that in every pound of such refined food the growing child, the prospective mother, the nursing mother, and the feeble adult are deprived of the elements indispensable to the proper functioning of their vital organs.

Weil and Mouriquand expressed the results of their experiments in these words:

"All of the pigeons fed on this mixed diet of polished rice, pearly barley and bolted wheat flour showed paralytic disturbances ending in death. We have thus proved that symptoms of the ber-beri type can result from a diet of refined cereals. "Nutritive disturbances in infants are doubtless, at times, caused by a too exclusive feeding with exhausted flour derived from decorticated cereals."

"The physicians should take care to vary the diet of the weaned child and include in it cereals from which the pericarp, bran and germ have not been removed."

Six months later another Frenchman, A. Balland, national associate of the Academy of Medicine, issued a warning to the French government in which he said:

"Several times I have pointed out the exaggerated development of the bolting of flour, which augments the price of bread and diminishes its nutritive value."

"Notwithstanding the known facts it is vain that some of our most distinguished physicians, eye-witnesses of the miseries suffered in hospitals, who are anxious for the future of the race, have arisen against the invasion of white bread."

"The bolting of flour, favored by the world-wide cultivation of wheat, which is extending every year, reaches at the present time as much as 50 per cent of the weight of the grain, while less than fifty years ago only 13 per cent of the grain was utilized in flour milling."

"Household bread has disappeared."

HE'S A MILLIONAIRE NOW.
Former Show Girl Wife Wants Him Back Again.

Saratoga Springs, N. Y., April 7.—The fight of a former Broadway show girl for the setting aside of the annulment of her marriage, four years after the court has dissolved the marital ties, will be watched by the habitués of the Great White Way. The contest is due to be opened here tomorrow, the chorus girl's attorney will argue in the supreme court for the setting aside of the annulment.

The woman in the case is Miss Eleanor Pendleton Davidson, and the man from whom she was separated by court proceedings is Louis Marshall Ream, heir of the late Norman B. Ream, the New York capitalist. Young Ream has fallen heir to several millions, left by his father. He has been working in a wire mill in Worcester, Mass., where papers in the case were served on him.

Ex-Senator Edgar T. Brackett, counsel for Miss Davidson, says that his client is related to General Robert E. Lee and General Gaines. He claims that the circumstances under which the marriage was annulled were such that the chorus girl bride had very little to say.

According to the papers in the case, young Ream and Miss Davidson were married on Sept. 1, 1911, in Hoboken, N. J., by a justice of the peace, following a short acquaintance. Her sister went along as a witness. The wedding party returned to the sister's home in New York, and the next day, the papers recite, the honeymooners made visits to Ream's friends, following which they motored to Lockwood, N. J.

"All this while," says Attorney Brackett, "Ream introduced her as his wife, sent announcement cards to their friends, and acknowledged different wedding gifts they received."

A few days later, young Ream decided that he had better make a trip to Thompson, Conn., where his father was living, and inform him of the marriage. He went alone to break the news, and sent telegrams en route to his wife. But these messages ceased when the ardent young husband reached his father's home. From that time up to the present, his former bride has not

seen Ream, according to the attorney.

Young Ream gave up his position in New York and left the city. Immediately afterward, Miss Davidson was approached by J. Norris Miller, a lawyer, who informed her that her husband would never return to her, exhibiting a letter in young Ream's handwriting to that effect. Miller refused to let her see her husband, she asserts in an affidavit.

According to the former show girl's present attorney, she was told by her attorney, who was her cousin, that her marriage to young Ream was irregular because the justice of the peace who performed the ceremony lacked the proper authority. He urged her to follow the counsel of Attorney Miller, who represented young Ream, and have the marriage annulled, says Senator Brackett.

Miss Davidson received a sum of money, said to be a little more than \$25,000, by way of settlement. Previous to this, she had received \$5,000, just before the annulment proceedings were instituted. She surrendered her marriage certificate at the request of her cousin, says her attorney. It is also claimed that the Ream attorney tried to induce the chorus girl to issue a statement to the newspapers that her relations with young Ream were at an end, following the "foolish ceremony we went thru as the result of a dare."

The annulment was granted on Jan. 16, 1912, after hearings before a referee in Troy, N. Y. Miss Davidson was represented by a firm of attorneys, but denies that she ever saw them.

SETBACKS IN WHEAT FOLLOW EACH OTHER WITH INCREASING FORCE

Disturbing Aspects of Diplomatic Outlook More Than Wipe Out Early Advances Due to Government Crop Report.

Chicago, April 7.—Disturbing aspects of the diplomatic outlook had a bearish influence today on wheat and more than wiped out early advances due to the government crop report. The market closed heavy, % to 1 1/2c net lower with May at 1.17% and July at 1.15%.

Corn finished unchanged to 1/4c net down, oats off 1/4c to 1/2c and provisions varying from 2 1/2c decline to a like advance.

Hints of export business tended to make corn average higher in price and so, too, did unfavorable weather. Bullish sentiment was outweighed however in the end by sympathy with the weakness of wheat.

Oats were governed almost entirely by the action of other grain. In the main, crop reports were bearish, although some delays to seeding were mentioned.

Commission house buying of hard rail provisions. At first the market had been weak owing to lower prices on hogs. Shipment of grain had been large compared with a year ago.

Muffins

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

When muffins are on the breakfast table, nobody cares for meat or eggs and they would be served more often if this meal were not prepared so hurriedly that there is no time to make them. If K. C. the double-raise baking powder is used, the batter may be stirred up the night before, put in the pan ready for baking and nothing to do in the morning but bake them.

One-Egg Muffins

2 cups flour; 2 slightly rounded teaspoons K. C. Baking Powder; 1 teaspoonful salt; 1 egg; 1 cup milk; 1 cup melted butter or lard; 1 egg; 1 cup water or milk.

Sift dry ingredients together three times. Add to this the unbeaten egg, melted shortening and water or milk. Then beat all together until perfectly smooth. Oil muffin of gem pans and have oven slow until the muffins come to the top of the pan, then increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

Graham Muffins

1 cup graham flour; 1 cup pastry flour; 2 level teaspoons K. C. Baking Powder; 1 1/2 level teaspoonsful sugar; 1/2 teaspoonful salt; 2 eggs; 1 1/2 cups milk; water; 2 to 3 tablespoonsful melted butter; mix and bake as One-Egg Muffins.

Graham batter should always be quite soft to insure light and moist muffins.

To get 88 other recipes as good as these, send us the certificate packed in every 25-cent can of K. C. Baking Powder, and we will send you "The Cook's Book" by Mrs. Janet McKenzie Hill. Handsomely illustrated. Jacques Mig. Co., Chicago.

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles."

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after every other thing had failed. You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to those.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. NCB.

Removing the Cause of Much Sickness

The advantage in taking Foley Cathartic Tablets is that in addition to carrying off the entire congested mass without griping or nausea, they thoroughly cleanse the walls of the intestines and keep them free of all clogging matter.

It is this clogging on the walls of the intestines that prevents their natural action and function, and is the direct cause of so much of the sickness and misery that makes constipation the cause of our present day. For it is constipation that is responsible for a large share of the nervous, depressed feelings, and many other serious bodily ills.

W. A. McLean, an elderly gentleman living at Raleigh, Ga., writes: "Foley Cathartic Tablets are the only ones I have ever taken that cleanse my system thoroughly and do not grip or hurt me at all. They are entirely satisfactory and wonderfully different and more pleasant than anything I have ever used."

Some Topics of the Farm

FARM NEWS NOTES

The following news notes on farm subjects were issued by E. W. Rusk, farm advisor of Adams county based on addresses and discussions at the state farmers institute. The Adams County Institute was represented by Roy Morton of Golden at the State meeting.

Professor Mumford discussed the livestock situation in Illinois. Professor thinks the outlook for livestock farming very encouraging. In the past years have not been sufficiently large to warrant large livestock production but owing to the rapidly increasing demand, there will be no more cheap meats.

Illinois has a high standing as a livestock state. Prof. Mumford urges us to raise that standard by producing more pure bred animals, thus securing more stable prices. Illinois stands second in horses; fourth in mules; fifth in cattle; fourth in dairy; seventh in sheep; second in swine, and third in the value of total livestock production. Professor Mumford placed the value of Illinois livestock at \$322,911,000.00.

Professor Gilbert of the Southern Illinois Normal School at Carbondale gave a very interesting talk and demonstration on "Profit and Loss on Farm Poultry." Professor Gilbert classified the various breeds as 1st. Leghorns-Anconas, etc., 2nd. American or general purpose breeds (Plymouth Rocks-Rhode Island Reds, etc.) and 3rd. the Asiatic or meat breeds (Brahmas, Cochins, Langshans, etc.).

Professor Gilbert thinks there is no one best breed, except the one you like best. You will have more success with them because you will give them better care. Professor Gilbert thinks the Mediterranean or egg breeds the most valuable for the farm under most conditions. He raises anconas because they are heavier, don't fly so badly, and are better foragers than the Leghorns. However, he does not claim they are the best breed, but that he likes them best. Professor Gilbert exhibited an Ancona hen that took first prize at the Panama Pacific Exposition.

Mr. Gilbert prefers the rose comb fowls to single combs, owing to frosting of the combs and believes in caponizing the males. He demonstrated the caponizing of a cockerel before the audience. He also demonstrated how to pick out the layers and advised those interested to purchase a book "The Call of the Hen" sold by the Missouri Experiment Station at Mountain Grove, Mo., for \$1.00.

Hon. Chas. Adkins took up the Landlord and Tenant problem. He said 2,500,000 of the 6,000,000 farms in Illinois were operated by tenants. Mr. Adkins' plan was for landlords and tenants to form a partnership, each owning half the livestock and dividing proceeds from the farm equally. The present system of renting to the man who pays the highest rent and on short leases, encourages soil mining. Mr. Adkins referred to the system in use in Germany, where the laws required a tenant who sold grain from the farm to return its equivalent in fertilizer, and if the tenant put on more than he took off the landlord must pay him its equivalent.

Dr. Dyson, State Veterinarian of Illinois, spoke on Tentative plans for the control of Hog Cholera. Dr. Dyson gave the same paper he gave in Golden. His plan is for each county to elect a board of livestock commissioners whose duty shall be to be on the lookout for the cholera and report all cases of infected or exposed herds. Dr. Dyson advises that infected hogs be handled to market in tight wagons, and that the cars be marked "Hog Cholera" and that they be unloaded in a separate division at the Stock Yards. He said if we can eradicate foot and mouth disease, we can certainly eradicate hog cholera.

Attorney Geo. G. Gale talked on the proposed amendment to the Illinois Constitution. He urged farmers to get the facts of the case as the taxes on the farms are too high in proportion to other taxable property and our present system of taxation encourages tax-dodging. He pleads for tax revision, thus securing uniformity, equality, and justice in taxation. Every tax payer who wishes more uniform taxation should write for free booklet "Apacé with Progress" to the Illinois Amendment Committee, The Temple, Chicago, Ill., Frank I. Mann, Chairman, Greiman, Ill., S. B. Montgomery, Quincy, Ill.

Professor R. A. Moore of Wisconsin College of Agriculture spoke on alfalfa and its value to Wisconsin. 18 years ago there was 18 acres of alfalfa in the state, and the land was rapidly deteriorating, owing to continual cropping of spring wheat. The chinch bug, together with Professor Henry stopped the practice.

Wisconsin then went into dairying, which created a demand for alfalfa. Wisconsin had the first dairy school in the U. S. and their dairy products today are valued at \$100,000,000.00 annually.

Professor Moore spoke on the alfalfa requirements that is drainage, inoculation, lime or sweet soil and humus. He urged sowing only the best seed on a soil that was free from weeds.

Illinois grows 1,800,000 acres of timothy, when much of that acreage could be made much more profitable by growing alfalfa or some other legume. Not only do legumes secure nitrogen from the soil, but they con-

tain more protein than other grasses and usually yield more.

	Yield lbs.	Protein lbs.
Alfalfa	10,800	1,996
Clover	5,000	661
Timothy	4,120	224

Mr. E. E. Hoskins followed Mr. Moore and gave some valuable information on lime for legumes and its benefits on crops following the legumes. On poor soils advised using two tons per acre every 4 or 5 years and if the soil was very sour, make the first application larger. Mr. Hoskins said, approximately 800 lbs. lime stone leaches out of the soil each year. If the farm is a long distance from the railroad, he thought it might be more economical to use burned lime. The best size to use was from dust up to 1-6 lb. for best results.

TRACTOR DEMONSTRATION WAS GIVEN FRIDAY

Farmers Gathered to See Plowing Done With Oil Driven Machinery.

The tractor demonstration given by Martin Bros. on the T. H. Buckthorpe farm on the Morton road Friday attracted a goodly number of farmers. The tractor used was an International 8-15, which was recently sold to William Nunes. It is operated with kerosene for fuel instead of gasoline which is used in the larger number of tractors. Plowing did not start until about noon when the machine was taken into a cornfield adjoining the house. Part of the corn had been cut and shocked from this field and a part had been shucked from the stalk. The tractor pulled a three bottom gang plow with ease and rapidity, and one man was able to operate the tractor without assistance. The machine moves just as rapidly as horses walk and in the same amount of time will plow three times as much ground as will be done by a plow drawn by three horses. It takes only a small amount of space to make the turn and the operator can reverse it in a very short time. In starting the engine gasoline is used and then the kerosene is turned in for fuel consumption. It takes about 10 or 15 per cent more kerosene to cover the same distance of operation than could be done with gasoline, but the cost of kerosene per gallon is so much less than the cost of gasoline that kerosene is used because it is much more economical.

Those of the spectators who had never seen a tractor at work were greatly surprised at the ease of operation, the small amount of space required for turning the row ends and the ease with which such turns can be made. Another demonstration will probably be given at an early date by Martin Bros. on the Nunes farm northeast of the city.

Give the Calf a Good Start

Milk part of the milk the old cow has out into a pail and let the newly born calf have the rest. He then will not be as likely to overdo the matter of the first ration. The calf doesn't know when he has had enough, milk tastes good and he keeps on drinking until maybe he has stomach ache. Think for him at this first feeding time, advises B. L. Vincent in Farm and Home.

Where the calf is to be raised, it is a good plan to take it away from the cow at the end of the first day. Then it has not got its mind fairly made up about ways and means of getting a living. It had about as soon suck an old strump, or maybe your finger as the old cow's teat, and this makes it easier to teach him to drink.

Enough is as good as a feast in the early days of a calf's life. I have seen beautiful calves spoiled by having too good masters. They think that if a little milk is good, more must be better. It takes a good while to right an overfed calf. I know, because I have tried it. Don't be in too big a hurry. Feed carefully, the calf will be able to take more and more milk and will grow like a weed—a milkweed, or course.

Most calves are born with teeth. I would never keep one that did not have a good set. What I set out to say is that the calf with teeth should have a chance to use them as soon as he can. Try him at four weeks of age and see if he will not nibble a lock of nice bright hay. That is one of the best things for him, hay is medicine, and good-tasting medicine, too. No calf is likely to have bowel trouble after it begins to eat hay.

A bit of grain, such as buckwheat shorts or wheat middlings, will help him grow. Above all else, keep him dry and warm.

Mr. Andras' Plan for Replanting Alfalfa

The condition of alfalfa fields has caused concern for numerous farmers this spring. It seems that the past winter was very hard on alfalfa and a great many fields were badly damaged. Many of the plants seemed to be dead and the roots are broken off. Spots of grain will show here and there in a field, but there is uncertainty as to whether the best course is to plow them up or to reseed. John C. Andras of Manchester, well known authority on agricultural affairs, said yesterday that in one field he has where damage has been done by freezing he is replanting. The plan he is following is to double disc the field, then to drill in seed, bone meal and rock phosphate. More than half of this field has living plants and so there is more than he wishes to plow up, and therefore the plan just outlined has been determined upon. No inoculation is needed under existing circumstances and the soil, Mr. Andras believes, does not need lime-stone at this time.

The Lewis Sale.

Not a large amount of livestock and implements was sold at the Lewis farm eight miles west of Jacksonville Friday, but there was a good attendance and satisfactory prices were secured. The sale was held by Leslie Lewis as administrator of the estate of M. N. Lewis, deceased. Charles Taylor was the auctioneer and Arthur Vannier the clerk. Two horses were sold separately and then together and were purchased by Joseph Watson for \$209. A cow was bought by Edward Rant of Bluffs for \$95. Charles Scholfield purchased two cows at \$27.75 each, two at \$18.75 each and two at \$16.50 each. Loose timothy hay was sold at \$12.50 a ton to James Allen. Oats brought 45c a bushel, one lot of corn 63 1-2c and a second lot 64 1-2c a bushel, the purchaser being William Gordon. Implements and household goods sold well.

WOMEN'S POLITICAL PARTY TO BATTLE FOR VOTE.

Washington, April 7.—Plans for the formation of a Woman's party by women voters in the enfranchised states for the promotion of national woman suffrage will be outlined at a conference of the leaders of the Congressional Union which will be held here tomorrow at the national headquarters. The women voters of the twelve enfranchised states will be organized into an effective political weapon, say the Congressional union leaders.

To push the work of organization, 36 women, one from each of the non-suffrage states, will be sent into the western states where the women vote. The delegates will be selected tomorrow, and they will leave next week on a special car, and will make a six weeks' tour.

"Suffrage First" will be the slogan of the campaigners, and the women who have the vote will be exhorted "not to waste their vote" in the coming election.

TO TEST OHIO EMPLOYERS' LIABILITY LAW

Columbus, April 7.—The attorney general will file tomorrow the state's briefs in the quo warranto suits brought by the state against 17 liability insurance companies. The insurance companies will file their briefs on May 3, the state will reply on May 12, and the questions will be argued in the supreme court on May 16. The plan agreed upon by the employers, employees, the state and the liability companies is to argue a typical case that raises all the questions of law involved. The state counsellors differ in their views of the law, and the insurance lawyers are also at sea.

BAR ASSOCIATION BANQUET.

At a meeting Thursday afternoon in the county judge's office arrangements were made by the Morgan County Bar association for the convention of county judges here in May. An entertainment committee was named composed of Thomas Worthington, chairman; L. O. Vaughn, and Walter Bellatti. It is planned to tender the visiting judges a reception Tuesday evening, May 23, on the eve of the convention sessions.

600,000,000 IRISH STEWS FOR TOMMY ATKINS

Ingredients of Great Irish Stew
• Beef 300,000,000 pounds
• Rice 150,000,000 pounds
• Onions 125,000,000 pounds
• Carrots ... 37,500,000 pounds
• Beans ... 37,500,000 pounds

Philadelphia, April 7.—Six hundred million one-pound tins of Irish stew for the armies of Great Britain and her allies have been ordered by the commission handling food supplies for the entente. Philadelphia gets a large share of the contract, for a fourth of the order for Irish stew has been placed with a local packing company.

Deliveries of the stews are to begin May 1, and twelve million cans a week are to be shipped until the entire order is filled. Montreal, St. John and Halifax are to be the shipping points. Most of the order, it is understood, is destined for France and Russia.

As a ration for soldiers in the field, this special form of beef stew, or Irish stew as it is popularly known, is said to have a number of good points. Not only does it form a highly nutritive ration, easily prepared by Tommy Atkins on active duty, but it also guards against scurvy, which rages aboard ships and in camps where vegetables are lacking.

It is said that a considerable amount of the beef to be used is Canadian beef, the balance being American and Argentine beef.

BIG PAY FOR SCHOONER.

Norfolk, Va., April 7.—The new schooner Jerome Jones will load with coal here in a few weeks and will make her maiden voyage a memorable one. She will take a cargo of coal to Argentine, receiving \$20 a ton for transporting this much-needed fuel. The outway voyage will net the vessel \$40,000 and a return cargo is assured at Buenos Aires.

PIMPLES AND SKIN ERUPTIONS DANGER SIGNS OF BAD BLOOD

First Sign of Blood Disease.

Pimples, scaly itching skin, rashes, burning sensations and scrofula denote with unfailing certainty a dehydrated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 29 years if you expect relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system, drives to the seat of the trouble, acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you, the complexion clears up. Even long-standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If you need expert advice write to Swift Specific Co., Atlanta, Ga.

IMPROVEMENTS PLANNED BY GREENE COUNTY CHURCHES

Sunday School and Social Rooms
Projected by Christian Churches
in White Hall and Roodhouse.

J. K. C. Pierson has returned from a trip to Roodhouse and White Hall, where he was in consultation with the Christian church boards of the two cities.

At Roodhouse the trustees plan to add to the church equipment a social room and Sunday school room. As the building sets well above the ground these rooms will be located on the basement floor. It is planned also to construct a new baptistry with suitable dressing rooms.

FOR CIRCUIT CLERK.
F. M. Brewer is a candidate for the Republican nomination for circuit clerk. He is a long time resident and active party worker and will appreciate your support.

WILL DEDICATE LUTHERAN CHURCH TOMORROW.

Trinity Lutheran church, east of Meredosia and north of Bluffs, will be dedicated Sunday, with dedicatory services at 10 o'clock in charge of the Rev. P. A. Soerenson and a German sermon immediately thereafter by the Rev. B. Garten of Arenzville. Rev. Mr. Nordstick of Pittsfield will speak at 2 o'clock and the Rev. P. C. Carroll of Beardstown will speak at the 7:30 o'clock service. Free dinner will be served at visitors at noon.

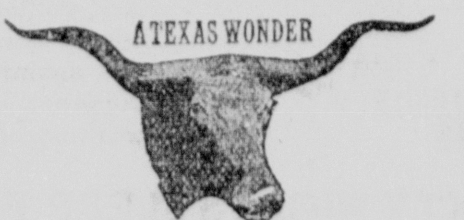

This weather suggests medium weight underwear; Knoles sells it.

Smith-DeVries Wedding this Evening.

Dr. and Mrs. J. U. Day entertained at their home, 918 East Independence avenue Friday evening at a miscellaneous rush in honor of Miss Mamie Smith of Allen avenue and Manuel DeVries of R. R. No. 8, who are to wed this evening. The dining room was tastefully decorated in red and white. Music for the evening was furnished by Mr. and Mrs. William Griffin. A two course luncheon was served. The prospective bride and groom received many beautiful and useful gifts. There were about thirty guests present. At a late hour the guests departed wishing the bride to be many years of married happiness.

Entertains Sunday School Class.

Miss Dorothy Deters entertained the members of the Faithful Followers Sunday school class of the Central Christian church, taught by Miss Adelaide McCarty, at her home 1275 South East street Friday evening. A very pleasant time was spent and in the contests prizes were awarded to Misses Florence Clement, Helen Baker and Leola Spencer. During the hours refreshments were served. The hostess was assisted by her sister, Miss Anna Deters. These present included Misses Catherine Laming, Florence Clement, Leola Spencer, Edna Hobbs, Helen Baker, Mabel Rule, Pearl Moxon, Beulah Slater Ethel Bishop, Catherine and Irene Gustafson Dorothy Magill, Thelma VanHynning, Margaret Lamb and Helen Hettick.

Murrayville Class Has Annual Banquet.

The class of young men in Murrayville M. E. Sunday school, taught by J. H. Dial, held the annual banquet Friday evening at Walker's cafe, with members and guests present to the number of fifty. Music was furnished by members of Miss Bess Hart's class, the "Willing Workers." The menu included soup, pressed chicken with jelly, mashed potatoes and peas, cake, ice cream and coffee.

Informal after dinner talks were made by the Rev. C. S. McCollum, pastor of the church; Prof. J. H. Dial, the teacher; J. L. Wyatt, Warren Wright and Rescoe Beadles. Fred Still is president of the class and Harold Cunningham is secretary and treasurer. An excellent spirit prevailed the evening and the 1916 banquet was by all pronounced successful.

Those present were: Misses Irene Bradley, Eleanor Andre, Lucy Pontius, Portia Brockman, Lois Harney, Louise Chipchase, Sarah LaRue, Ruth Cole, Emma Louise Lewis, Eleanor Ames, Florence Rockwood, Dorothy Farrell, Lucille Mackness, Dorothy Hairgrove, Fay Hopper and Mary Louise Roberts.

The Kresge Store Clerks Enjoy a Meeting.

The young ladies of the Kresge 5 & 10 cent store have secured permanent quarters for their gatherings over the salesroom of the company and there they met Thursday evening and had a delightful time. Games and music were the principal features of the evening and during their stay they had an old fashioned

CENTENARY REVIVAL CLOSES SECOND WEEK FRIDAY NIGHT

Revival services at Centenary M. E. church will continue thru next week as a part of the general Lenten observance in the Methodist churches of the city. The second week of the series was closed Friday night, with the Rev. G. W. Plagge giving a profitable discourse from the text, "I will demand of thee, and declare thou unto Me," Job 38:3. God questions the soul by trying to find out what it wants and how well we are fitted to receive it.

At the service last night "Only a Smile" was given as a quartet number by Miss Flossie Kellogg, Miss Catherine Rapp, Fleet McClelland and Harry Barnes. Mr. Moon sang very effectively, "He Lifted Me."

spelling bee to see how much they had remembered of their teachings at school. Nice refreshments were enjoyed during the evening and all went home pleased with the occasion.

Last Day Exercises at Prairie Union.

Thursday, Miss Jessie Allen closed her third successful term at Prairie Union school. The pupils who attended were Turner Cully, Frank Halligan, James Halligan, Alma Halligan, Clifford Ornellas, William Ornellas, Russel Ornellas, Alice Ornellas, Ruel Crouse, Eugene Crouse, Oliver Cromwell, Ray Taylor, Roy Taylor, Martha and Ralph Cook.

At the noon hour forty-two patrons and friends gathered at the school house and an excellent dinner was enjoyed. Miss Allen treating the school to ice cream. After dinner a pleasant social time was spent.

Miss Barnes Talks on Modern Drama.

At a recent meeting of the Gamma Delta Literary society Miss Elson Barnes gave an interesting account of the trend of modern drama. Miss Barnes made a study of, and took part in, this work at Smith college and her information proved of great assistance to Gamma Delta, since they are now studying modern drama.

In view of the present campaign for a Woman's Building, in which room will be provided for amateur productions, Miss Barnes has promised to give one complete stage setting.

The campaign is receiving new impetus and is being pushed with much energy.

Officers Elected by Oak Lodge Club.

Officers for the present year were elected and a social time enjoyed by members of the Oak Lodge club Friday evening at the home of Mr. and Mrs. J. W. Chipchase on West College street. The officers:

President—George F. Stoldt.
Vice president—Alex Rabjohns.
Secretary—J. W. Chipchase.
Treasurer—Joseph Jackson.

During the social hour refreshments were served by the hostess, assisted by Mrs. George F. Stoldt.

Phi Alpha Literary Society.

Phi Alpha Literary society, in session Friday night at Illinois college, gave the last reading to an amendment in the by-laws, setting aside the meeting nearest March 21 each year as a memorial for William Jayne. The program of this meeting will be of historical nature.

Following was the program carried out:
Essayists—Ernest Rutherford, "The Value of History"; Henry Hinton, "Dynamite," and Charles Huxel, "Capital Punishment."
Declarers—Clarence Goveia, "Selection from Tennyson" and Wesley Shafer, "Our European Guides."
Orator—Oscar Zink, "Preparedness."

Select reading—Irving LaRue.
Extensorizer—Harold Humphrey, "The Melting Pot."
Subject for debate: "Resolved, That the United States should materially increase her army and navy." The affirmative was supported by Leslie Giberson and William Lewis and the negative by Robert Nesmith and Floyd Davis. The negative side won by a 2 to 1 decision and the house voted the merits to the same side.

Francis Taylor of Griggsville, a freshman student, was voted into membership.

Birthday Surprise for Mrs. Templin.

A company of neighbors and friends of Mrs. A. C. Templin made an unexpected call Friday evening at her home 603 South Church street, and treated her to a pleasant birthday surprise. Mr. and Mrs. Templin proved themselves royal entertainers and the evening was enjoyably spent with games and dancing. Refreshments were served. The hostess was the recipient of several handsome gifts.

Friday Social Circle Meets

Mrs. C. C. Berryman was hostess to the Friday Social circle Friday afternoon at her home, 835 West North street. An "Old Saying" contest was a feature of the entertainment and for the most clever adage given a prize was awarded. Pleasant refreshments were served.

The antiphonal singing by men and women of the chorus proved very pleasing.

WILL PUSH SALVATION ARMY CAMPAIGN THREE DAYS

Hope Is That Money Can Be Raised
Tuesday, Wednesday and Thurs-
day of Coming Week.

Tuesday, Wednesday and Thurs-
day of next week have been desig-
nated as the special days for pushing
the Salvation Army campaign. The
executive committee appointed some
days ago has outlined the plan quite
completely and it is the belief that
the organization is such that the
money needed so badly for improve-
ments can be secured within the days
mentioned. Teams have been selected
and the city completely organized
in such a way that all residents will
be given an opportunity to aid in
this work. The plans drawn by
Architect C. W. Buckingham call for
an expenditure of \$5,000. This sum
will be sufficient to so enlarge the
Salvation Army citadel that more
effective work may be done in both
a social and religious way. The im-
provements will also include some
enlargement of the captain's resi-
dence, which are greatly needed. The
Salvation Army thru the years has
done a good work in Jacksonville
and under the direction of Captain
Mace during the past year the activi-
ties have taken on still more value
and importance. It is earnestly
hoped that there will be a liberal
response to the appeal for funds
which is to be made during the com-
ing week.

UNDER PEACE BOND.

Earl Taylor seems to have a diffi-
cult and unsuccessful time in keep-
ing out of the police courts. Thurs-
day he was freed by Justice Hender-
son from the charge of violating the
city ordinance relating to the ship-
ment of liquor and last night he was
arrested by Deputy Sheriffs George
Stice and Harry Luke on a peace
warrant. It seems that Taylor en-
gaged in a quarrel with his wife
during which he blackened one of her
eyes and she later caused his ar-
rest. He was placed in jail and will
probably have a hearing today.

NEW TRAIN PROPOSED FOR WABASH ROAD.

Spring Card May Show Welcome Ad-
dition to Local Service.

The story comes from the division
office of the Wabash at Decatur that
a new passenger train may be put
on this division when the spring time
card is issued. Several conferences
have recently been held by depart-
ment heads in both St. Louis and
Chicago. The proposed new train
would take care of Decatur, Spring-
field and Jacksonville local business.
As it now stands there is no train
over the Wabash from Jacksonville
to Springfield between 8:30 in the
morning and 6:30 at night and offi-
cials who have looked into the ques-
tion believe that there is demand for
a train some time between the hours
mentioned to take care of the local
business.

A VETERAN MINISTER DIES.

Word has been received in this
city of the recent death of Rev. H.
C. Dameron at his home in New
London, Iowa. He was nearly eighty
years of age and had been in poor
health for some time. For a num-
ber of years he supplied the Concord
church of the Methodist Protestant
church and was much beloved by a
large number of parishioners. He
was essentially a pioneer with the
rugged integrity and honest char-
acterizing that class of men and he
had no hesitation in calling things
by their right names no matter
whom he hit.

He leaves a widow, three daugh-
ters, Mrs. James Kennedy of Mus-
kogee, Oklahoma; Mrs. Sarah Elson
of New London, Iowa, and one other
whose given name is Catharine; also
four sons, Robert and Ward of New
London, Iowa; Noel of West Vir-

BROKE RIGHT ARM.

Gay Nelson, 18 years old, resid-
ing on Franklin street, broke his
right arm Friday morning about 10
o'clock. Dr. King was called and
took Nelson to Passavant hospital
where an X-ray was taken of the
fracture. The examination showed
both bones of the forearm broken.
Nelson was assisting his father in
digging a well at the new Snyder ice
plant on North Main street. In
some manner his glove was caught
and his arm was twisted around the
windlass. Dr. King set the fracture
which was a bad one. Nelson prob-
ably will be kept from work for
some time.

BOOSTER CLUB HOLDS

FIRST MEETING FRIDAY
The Young Men's Booster club
held its first get-together meeting at
the Dunlap hotel Friday evening at
6:30 o'clock. It was an enthusiastic
and well attended gathering and
promises much for the future.
There are to be monthly dinners
of this sort and a concerted effort
will be made on the part of the
young men to know more about the
city and boost more effectively for
Jacksonville. The club has the
heartly support of the Chamber of
Commerce and appreciates the inter-
est shown in its welfare.

DISLOCATES SHOULDER.

street Friday morning, dislocating
her shoulder. She went to Dr. Day's
hospital for treatment but returned
to her home and is doing well.

OBJECTIONS SUSTAINED TO WEST STATE ST., PAVING PROJECT

Judge Thomson Ruled Against City
in Court Hearing—Upheld Contem-
ptions of Property Owners' Attor-
neys—City Will Begin New Pro-
ceedings.

After hearing objections made by
property owners to the proposed
West State street pavement Friday
Judge W. E. Thomson sustained a
number of the objections. The hear-
ing on the case began Friday morn-
ing and at 11 o'clock was adjourned
until 3 in the afternoon in order to
give the attorneys for the city op-
portunity to look up certain authori-
ties. Owing to the illness of City
Attorney John J. Reeves the hearing
on the improvement had been post-
poned from time to time and yester-
day Messrs. Worthington & Green
appeared for the city and objecting
citizens were represented by Kirby,
Wilson & Brockhouse and the Rail-
way and Light company by Bellatti,
Bellatti & Moriarty.

Estimate and Ordinance Varied.

The objections made by individual
property owners were considered and
a number of them sustained, so that
the court was not required to pass
judgment upon the objections filed
by the Railway and Light company.
One of the objections sustained by
Judge Thomson was that the notice
given of the hearing on the assess-
ment roll was not in proper form in
that it did not correspond in several
detailed points with the ordinance.
Another objection which was sustain-
ed was that the engineer's estimate
omitted some of the component parts
of the proposed improvement, that
such parts were not mentioned in
the estimate, but did appear in the
ordinance. It was upon this objec-
tion that the attorneys for the city
were granted time to cite court de-
cisions. Attorneys for the objectors
presented a supreme court decision
which Judge Thomson considered
sustained their contention.

Another objection sustained by
the court was that the commissioner
did not spread the assessment in
just the manner that it appeared in
the ordinance. The contention was
made by the objectors that the ordi-
nance did not indicate in any way
the exact width of the pavement and
did not show the contour of the pro-
posed work. The court ruled that
the profile filed with the papers
were a part of the ordinance and
that at one point the profile shows
the pavement width.

The Railroad Right of Way.

While Judge Thomson did not rule
on the point he made it clear that he
did not see how an assessment could
be made against the Railway and
Light company in view of the lan-
guage used in the ordinance specifying
that the total cost of the im-
provement was to be paid for by
lots, tracts, and parcels of land
abutting and adjoining the proposed
pavement. He did not consider that
this phraseology was such that it
could be construed to include the
right of way of the railway company.
It is possible for the city to appeal
from Judge Thomson's decision to
the supreme court, but this course
will probably not be followed. In-
stead it is the announced intention
of the board of local improvement
to at once begin proceedings over
again.

Mayor Rodgers said yesterday
that West State street certainly
needs paving, that the majority of
the people want it, and while there
may be some delays in the work be-
cause of objections, that the work
will surely be done just as soon as
the improvement board can get the
matter thru court in the proper
form.

COULDN'T SHIP A PIANO.

Rev. L. H. Davis, formerly pastor
of Westminster church, left a piano
with W. T. Brown, to be held to
further orders. Yesterday Mr. Brown
received a request to ship the instru-
ment to East Orange, New Jersey
and the Wabash railroad declined to
receive it and Mr. Brown had to
bring it back to his warehouse.
The reason is the congested condi-
tion in Eastern freight yards from
grain and munitions shipments and
the incident goes to show how the
exigencies of war affect us so far
from the scenes of battle.
